Dear Mr. Bivins:

Minor Source Designation
(Registration No. 15019)

The Puget Sound Air Pollution Control Agency received your letter dated April 11, 1995 requesting that your facility be designated as a minor source. Based on the information that you provided, we concur that your facility does not have the potential to be a major source as defined by WAC 173-401-200(17). Therefore, your facility will not need an operating permit at this time.

Please keep us informed of any changes in operation or equipment that could increase this facility's potential to emit. Such changes may require a new Notice of Construction Approval and may require obtaining an operating permit.

If you have any questions, please call Fred Austin at 689-4055.

Sincerely,

Jay M. Willenberg, P.E.
Senior Air Pollution Engineer
